

## RBM 800 SERIES

The RBM 800 Series is a chair that invites you to sit on it. Wonderfully soft, it's incredibly comfortable and really makes a difference to your enjoyment of the working day. The 800 Series is a high-end chair created for people who refuse to compromise between comfort and an ergonomically correct working position. Its attractive design blends in naturally with the modern office environment, while the extra long seat depth provides excellent support, however long you sit on it. Fully independent seat and back. 80 mm seat depth adjustment.

RBM 830LR in Comfort 8402  
 L= Lumbar pump (optional extra)  
 R= R type neck rest
